H. RES. 365

Honoring San Jose State University for its 150 years of commitment to
public higher education.

IN THE HOUSE OF REPRESENTATIVES

MAY 2, 2007

Mr. HONDA (for himself, Ms. ZOE LOFGREN of California, Ms. ESHOO, Mr. FARR, and Mr. MCNERNEY) submitted the following resolution; which was referred to the Committee on Education and Labor

RESOLUTION

Honoring San Jose State University for its 150 years of
commitment to public higher education.

Whereas 2007 commemorates the sesquicentennial year that San José State University was first established in 1857 as Minns Evening Normal School to train teachers for the growing population of California;

Whereas the success of the Minns Evening Normal School in San Francisco led to an Act enacted by the California Legislature on May 2, 1862, providing for the establishment of the first California State Normal School in 1862 and thus beginning a new era for education in the State of California: the first State-wide program of free instruction in preparing teachers and prospective teachers;

Whereas from these beginnings as the oldest public, four-year institution of higher education in California, San José State University has matured into a comprehensive university, offering bachelor's and master's degrees in 134 programs;

Whereas San José State University is the flagship school of the California State University system, which uses the 1857 founding date as part of its own heritage as noted on its official seal;

Whereas California State University, the largest public system of higher learning in the United States, is recognized for its long-term commitment to affordable, accessible, and high-quality education;

Whereas San José State University is the region's largest university and the third largest public-sector employer with 30,000 students and 4,000 employees;

Whereas San José State University-related spending in the San Francisco Bay Area is an estimated \$479 million, generating a total impact of \$829 million on the region's economy, sustaining 11,000 jobs, and generating \$48 million annually in tax revenue;

Whereas San José State University has contributed to the rich economic life and culture of the State of California by providing up to 7,000 graduates into the workforce each year;

Whereas San José State University's most prized tradition is a commitment to enriching the lives of its students by transmitting knowledge and providing them with the skills to apply what they have learned into the service of our society;

Whereas San José State University ranks tenth in the Nation's top public universities in the total number of minority graduates—African Americans, Latinos, Asian Americans, and Pacific Islanders, with bachelor's degrees across all disciplines;

Whereas San José State University has conferred bachelor's degrees in business management and the health professions to more Asian Americans and Pacific Islanders than any other college or university in the Nation;

Whereas San José State University ranks in the top 35 among 100 colleges and universities, leads the Nation in graduating Latino students, and is a recognized leader in graduating minority students;

Whereas San José State University's faculty contribute to the quality of life in the Nation by their active engagement in scholarship, research, technological innovation, community service, and the arts; and

Whereas San José State University is an active partner with educational institutions, industries, and communities to enhance the quality of education, research, development, and community service for the State of California: Now, therefore, be it
